Burial Ground for the New York Volunteers.

WHAT IS BEING DONE BY THE CORPORATION. We learn from reliable sources that thirty-eight of the wounded soldiers, who recently arrived in this city from Virginia, died in the different hospitals during the last week. Of this number several have been buried by pense of the Corporation. In consequence of this last fact it has several times been suggested that a piece of ground should be procured in one of the cemeteries in the vicinity of this city, where the bedies of all the New York volunteers who may die in defence of the Union abould be intered at the expense of the State. It is probable that within the next few weeks we shall receive a very large number of wounded, and, as it is not reasonable to expect that all these will receive a very large number of wounded, and, as it is not reasonable to expect that all these will receive, we should be prepared to lay the bodies of our herces in a suitable resting place, where, when this unhappy war is terminated, their glorious deeds may be commemorated in imperishable marble.

Alderman Farley, accompanied by several of the members of the Joint Special Committee of the part of the members of the Joint Special Committee of the fact of the members of the Joint Special Committee of the fact of the members of the Joint Special Committee of the fact of the fact of the Joint Special Committee of the Joint Special Co their friends and the remainder were interred at the ex-

glorious deeds may be commemorated in imperishable marble.

Alderman Farley, accompanied by savoral of the members of the Joins Special Committee of the Common Council on National Affeirs, visited the Cypress Hills Cometry a few days ago for the purpose of accertaining whether a suitable piece of ground could there be secured for the purpose of devoting it to the interment of the New York Volumieers who may fail in defence of the Union. The trustede of the cemetery have expressed their willingness to meet the members of the committee in a liberal manner. The committee were much pleased with the situation of a piece of ground containing about two hundred lots, in which four or five thousand bodies can be intered. The usual price of these lots would be \$200 each, but they have been offered to the committee for the merely nominal sum of \$50 each. This reduction to the ground is wanted, and the improvements which will be made on it by the Cerporation.

The Hackley Contract

SUPREME COURT—GREERAL TERM. Before Hon. Judges Leonard and Ingraham

May 20 .- Davis vs. Hackley and others .- This case was called up on appeal from the order made by Judge Bar-

Mr. Edwin James, for the respondent, Davis, said that Mr. Edwin James, for the respondent, Davis, said that he thought he would save the time of the Court by stating that since the appeal had been taken his client had parted with all interest in the matter, having assigned it to other parties, from whom he had no instructions in the matter of this appeal, and consequently was under the impression that they did not desire to continue the litigation.

Consequently the appellants are entitled to their order reversing that made by Judge Barnard. Counsel for appellant, Messrs. Edwin James and Thos. Dunphy.

Mysterious Absence of a Boston Boot and Shoe Operator—Indebtedness \$175,000.

Poari street was a good deal excited to-usy by the mysterious absence of a large boot and shoe operator of that street, who has been in business there for a year or two. This gastieman has been in business therefor a year or two. This gastieman has been in business therefor a year or two. This gastieman has been purchasing extensively on credit it is past few weeks, and his liabilities are said to ratch the sum of \$175,000. To-day a number of his notes fell due at the banks, and from the fact that they were not provided for, and were allowed to go to protest, and has followed in good in the found, the most disavail prognostications were in circulation. A large number of his creditors proceeded to his store, noarly diling at, but they could gather no consolation from the intermat. On absolute a sum other facts have led them to believe that they dismay is will not meet with a speedy inquication. The gentless and appears and all turn out right; but a present the safeer carry a high value in the market.

FINANCIAL AND COMMERCIAL.

TUESDAY, May 20-6 P. M. The following is a comparative statement of the exports (exclusive of specie) from the port of May 20 and since January 1:-1860. 1861. New York to foreign ports for the week ending

Since January 1... \$32,227,222 49,820,699 46,848,406 Money remains very abundant indeed. To the established houses in the street more is offered at 3 per cent than they can use, and no one expects to get more than 4. We hear of paper selling at 4 a 5, and of some exceptional cases at 3 a 31/2. Money continues to pour into the city from all parts of the country. There is no employment anywhere for money except in Wall street. Some of the country banks are buying government stocks in order to earn interest on their capital. Others are helping to get up speculative movements in bonds, with the same object. It never was so easy as it is to borrow money for purposes

of speculation in stocks. Foreign exchange is very dull indeed. Bankers ask 113% a 114 for stering, and 5.97% a 5.95 for francs. At these rates the demand is light. Very heavy sales of sterling, deliverable in August, September and October next, have been made at 113. The purpose of the buyers in guarding themselves against a future advance in exchange, and ascerta ning beforehand what their remittances are going to cost them, is obvious enough. It must be presumed that the sollers feel satisfied that the course of the market throughout the summer will rather be downward than upward.

Stocks continue firm; the feature of the market is still the active inquiry for bonds. Every kind of reliable bond which pays 6 or 7 per cent interest is being bought up. Parties who yesterday or last week sold bonds which gave them a handsome profit are now embarrassed to know what to do with their idle money, and are inquiring about the very bonds they sold. The fourth Eries sold this morning at 90%, the second Michigan Southern at 83, the second Terre Haute and Alton at 85, the first Milwaukee and Prairie du Chien at 96, the Chicago and Northwestern assented at 49. Many of these bonds have risen 100 per cent within a comparatively short space of time. At the morning board the Western shares were generally better. Guaranteed advanced to 581/4, Michigan Central to 62, Pittsburg to 231/4. The most active buying for cash was in Toledo, Galena and Rock Island, which were 1/4 a 3/8 higher. In Eric and Central there was no change. Hudson River advanced 1/4, without much activity. The most popular stocks among the small speculators are the low priced railway shares, which offer a larger prospect of gain in proportion to the investment than the higher classes of securities. Pacific Mail sold at 117 this morning, but was afterwards done at 116 for cash and 115 on time. Governments were steady. There was quite a large business done at the morning board to-day The commission houses are reaping a handsome harvest after their long inactivity, and unless all signs fail they will have a busy summer. After the board the market was firm. At the second board there was some realizing in Rock Island, Toledo and one or two other leading stocks, and quotations % a % lower were established. The market was quoted steady at the close, the following being the last quotations:—United States 6's, registered, 1881, 103% a 103%; do. 6's, ocupon, 1881, 104% a 104%; do. 5's, 1874, 94 a 95; coupon, 1881, 104% a 104%; do. 8*8, 1814, 34 a 38; Indiana 5*8, 83% a 84%; Tennessee 6*8, 58% a 59; Virginia 6*8, 59 a 59%; North Carolina 6*8, 72% a 73; Missouri 6*8, 52 a 52%; Pacific Mail, 115% a 116%; New York Central, 89 a 89%; Erie, 39 a 39%; do. preferred, 66% a 66%; Hudson River, 43 a 43%; Harlem, 14% a 14%; do. preferred, 35 a 36%; Reading, 49% a 49%; Michigan Central, 63 a 63%; Michigan Southern and Northern Indiana, 25% a 25%; do. guaranteed, 57% a 57%; Panama, 133 a 134; Illinois Central, 61% a 62; Galena and Chicago, 71 a 72; Cleveland and Toledo, 46 a 46%; Chicago and Rock Island, 63% a 63%; Chicago, Burlington and Quincy, 711/2 a 72; Milwaukee and Prairie du Chien, 29% a 30; Cleveland, Columbus and Cincir nati, 116% a 118; New York Central 7's, 108 a -; Erie third mortgage bonds, 98 a 99; Michigan Cen tral 8's, first mortgage, 1051/4 a 1057/4; Illinois Cen-
